

EDEN's dedication to providing musicians with tonal clarity matched with flexibility began in 1976. Since its humble beginnings in Eden Prairie, Minnesota, USA, EDEN has continued to strive to offer the best in amplification, speaker drivers and cabinetry for musicians everywhere

### MICROTOUR

The MicroTour has been designed to go to places other bass amplifiers cannot reach.

The Micro Tour can literally be taken and enjoyed anywhere. For the weekend warrior the Micro Tour can be used for in the office lunchtime rehearsals, touring musicians can practice in their hotel room and music around the campfire can now be enjoyed with a funky bass line.

### E-UKE

Released last year, The E-Uke is an amplifier designed to cater for the needs of serious ukulele players. Ensure your instrument stand outs in a performance.
