

ESP GUITARS - Since 1975, ESP has created numerous iconic instruments for legendary players spanning every genre of music. Their decade of experience in the design and manufacturing of guitars and basses has allowed them to provide the very best options for you as a player.

LTD M-1000HT

A beautiful Hawaiian Koa-topped, neck-thru-body guitar with Seymour Duncan Jazz and Pearly Gates pickups. Unlike most M Series guitars, this new model implements a Hipshot hardtail bridge instead of a vibrato

LTD H-401

The LTD H-401 offers set thru construction for fast and smooth access to the highest frets. It employs a mahogany body with a mahogany top in natural satin finish. This guitar's relatively low price belied by such high end features as it Seymour Duncan Custom 5 and Jazz pickup set.

LTD M-400/M

The LTD M-400 has a black satin finish, and the LTD M-400M has a natural satin finish over a mahogany top. Both feature an extra thin flat U-shaped maple neck with 24 extra jumbo frets and a Floyd Rose Special Bridge. The M-400 includes EMG 85 and EMG 81 pickups, while the M-400M comes with Seymour Duncan Jazz and Custom-5 pickups.

LTD M-403HT

The M-403HT is a new hardtail version of the M style guitar with a three-pickup configuration that includes two Seymour Duncan stacked single-coil STK-4 pickups along with a Seymour Duncan Custom-5 humbucker in the bridge position. The guitar has a flamed maple top on its mahogany body in natural satin finish.

CULT '86

Much like the original version, the Cult '86 offers bolt-on construction with an alder body, a three-piece maple neck, and an ebony fingerboard. It uses a three-pickup configuration, with two EMG SA pickups in the neck and middle position, and an EMG 81 at the bridge. A Floyd Rose Special locking tremolo is provided to allow for the kind of uninhibited and expressive playing for which Vernon Reid is world renowned. Much like the Vernon's original ESP, the Cult '86 is based on the ST body style, and features the distinctive multiple swirls of color that immediately make it identifiable with its original designer.

LTD MH-1000/1007 EVERTUNE

The new **MH-1000ET** provides the innovative EverTune bridge along with set-thru construction, a mahogany body with flamed maple top in See thru Black finish, and an EMG 81/85 active pickup set. The **MH-1007ET** is a 7-string version of this guitar, also featuring the EverTune bridge. It's available in Black finish.

[LTD PS1 SONIC BLUE/SEA FOAM GREEN](#)

NEW COLORS - This axe combines all the class and charm of its forefathers with modern engineering and radical design changes for unique character. The precision-crafted mahogany semi-hollowbody and set neck resonate with sweet sounds and deliver serious sonic output thanks to hot ESP LH-150 humbuckers. Independent volume and tone controls for each pickup plus a 3-way pickup selector give you lots of options. The solid maple neck has a warm rosewood fretboard with gorgeous pearl block inlays and 22 extra-jumbo frets.

[EC-1000 PIEZO](#)

The LTD EC-1000 PIEZO offers what might be the most flexible variety of tone-shaping ever offered on an ESP model of any kind. In addition to a set of standard magnetic pickups in the form of a high-quality Seymour Duncan '59 and JB set, the EC-1000 PIEZO also includes a Fishman Powerbridge and Tailpiece system with a piezo pickup. A mini toggle switch lets you select between the sources to use the magnetic pickups, piezo pickup, or both. As if that wasn't cool enough, you also get dual output jacks for flexibility in routing for recording and live performance. The EC-1000 PIEZO also offers a mahogany body with quilted maple top in See Thru Blue or Black finish.

[AP4/AP5](#)

The LTD AP-4 and AP-5 take traditional bass body styles and add high-performance components and build quality for contemporary players in all music genres. Using bolt-on construction over alder bodies and maple necks, the AP-4 and AP-5 basses feature ebony fingerboards with 21 extra-jumbo frets, Grover tuners, Babicz bridges, and EMG P/LJ active pickups. They are available in Black finish.
