BOSS EV-30 DUAL EXPRESSION PEDAL

For pro expression control in a compact package, there's no better choice than the BOSS EV-30. Its small footprint is perfectly suited for cramped pedalboards, while the die-cast aluminum chassis offers a rock-solid foundation and BOSS's famous rugged reliability.

BOSS 40th Anniversary Limited Edition Pedal

To commemorate 40 years of BOSS pedal innovation, Boss has released a special version of the DS-1 that features a black body with gold lettering, gold-capped knobs, and a vintage silver thumbscrew for the battery compartment. The pedal comes in a special box with the BOSS 40th anniversary logo, and will be available in 2017 only.

BOSS AMPLIFIERS

Versatile and powerful instrument amplifiers for the beginners to the pros.

ROLAND JC-22 JAZZ CHORUS AMP

The JC-22 Jazz Chorus delivers Roland’s classic JC clean tone and famous Dimensional Space Chorus effect in a compact amp that’s perfect for playing at home. Offering the essential features of the popular JC-40 in an even more scaled-down size, this versatile stereo amp is also great for intimate performances and recording. [Watch Video](#)

BC TC-NY

A Dynamic New Voice For The Blues Cube Amp Series. Developed under the supervision of NYC guitarist Oz Noy, the New York Blues Tone Capsule brings yet another expressive voice to the Blues Cube amp series. It takes the amp into the realm of the traditional British EL84 combo—often referred to as the “class A sound”—while still offering fundamental elements of the Blues Cube’s American tweed heritage. [TD-1KPX V-DRUMS PORTABLE](#)

AUTHENTIC PLAYABILITY, MESH HEAD PADS, AND
MAXIMUM PORTABILITY

The TD-1KPX is the latest addition to the portable V-Drums line. Despite its minimal footprint and light weight, the TD-1KPX features a sturdy drum stand for rock-solid performance and Roland's famous mesh-head V-Pads for snare and toms, giving natural rebound, feel, and playability. The innovative folding design allows the stand to be packed down in seconds for easy transport and storage without the need to remove the pads and cymbals. [Watch Video](#)

[TD-50KV with KD-A22](#)

V-Drums redefined: ultimate expression for pro performance and studio work.

As an ambitious pro drummer, you know that anything less than the ultimate sound and feel will

hold you back. Introducing the Roland TD-50KV, the flagship in our acclaimed V-Drums range, created for top-flight live performance, intense practice sessions, and eclectic studio work. Built on the foundation of the new TD-50 module with Prismatic Sound Modeling, this electronic kit provides Roland's most impressive and wide-ranging sounds yet. The advanced processor is complemented by newly developed snare and ride pads, which feature multi-element sensor systems and high-speed digital communication with the module. [Watch Video](#)
