

ZOOM

Zoom produces a wide array of recording devices, including a line of portable “handy” recorders as well as multi-effects processors, effects pedals, drum machines and samplers. Over the past thirty years, the company has established a solid reputation as a manufacturer of innovative yet affordable products which are based on original microchip designs.

[Q2N HANDY VIDEO RECORDER](#)

If you're an aspiring musician, video plays an important role in helping you reach a wider fan base. It's a digital world and that means an inspiring performance can take the Internet by storm. But you can't capture your music with just any camera. You need one that records incredible audio.

The Zoom Q2n gives you a fast and easy way to create HD videos with high-impact audio. The built-in X/Y microphones capture sound with beautiful stereo imaging. And the 160-degree wide-angle lens excels in an array of lighting conditions—whether you're filming at home, in a rehearsal space, or at a club.

With the Q2n in hand, you can finally make videos that sound as great as they look—at a price more affordable than ever.

[F4 MULTI-TRACK FIELD RECORDER](#)

Creators are making more waves in film than ever before. Thanks to affordable technology and distribution channels like YouTube, we're ushering in a new era of creativity...and it's only just begun.

The Zoom F4 propels your film's sound to a whole new level. With 6-input/8-track recording, super-low-noise mic preamps, and time code with pinpoint accuracy, the F4 offers Hollywood sound at an indie budget.

[F8 MULTI-TRACK FIELD RECORDER](#)

Advances in video have made filmmaking accessible to creators everywhere. But the accessibility of professional audio devices has not kept pace. Field recorders, with essential features such as time code, have been unobtainable for most. Until now.

The F8 is made for serious filmmakers and sound designers.

[G3n/G3Xn MULTI-EFFECTS GUITAR PROCESSOR](#)

If you're a guitarist, you know how important it is to have the freedom and flexibility to create your own sound. The Zoom G3n/G3Xn Multi-Effects Processor removes any barriers in your way.

The G3n/G3Xn is a genre-defying multi-effects processor that gives you the versatility you need to experiment with new sounds and playing styles. The G3n (\$199.99)/G3Xn (\$259.99) includes an 80 second Looper, faithful amp and cabinet emulators, and extensive selection of effects and patches make it an essential addition to any pedalboard. With the G3Xn, it features a built-in expression pedal.

[B3n MULTI-EFFECTS BASS PROCESSOR](#)

The new B3n (\$259.99) Multi-Effects Processor is a bass guitar pedal that offers a wealth of realistic stompbox, amplifier, and cabinet emulations, as well as an intuitive editing experience. With the B3n, bassists can create a wide range of original sounds and explore new performance possibilities.

[H6 HANDY RECORDER](#)

At Zoom they've been building innovative products for the past thirty years. But with the revolutionary H6 six-track recorder, the bar is raised further still. Four interchangeable input capsules – X/Y, MS, Shotgun, and Dual XLR/TRS Combo – make the H6 the ultimate chameleon of the audio world, and its advanced preamps make it the best-sounding one too. Whatever your application – live recording, professional film/video work, live broadcast or electronic news gathering – the H6 can handle it with ease.
